Lab 8

The last for-credit lab.

Committed to your team's repository.

Each team member must complete one of the specified tasks to earn their credit for the lab.

Ideally, you should complete the lab together with your teammates, so you are all familiar with the various tasks.

To get help with the lab, see the TAs on Monday from 12-2pm in BA3185 (instead of posting questions on Piazza).

Phase II: evaluations

The peer- and self-evaluations will be posted on CATME on Friday evening.

Due Sunday 15 March by 11:59pm

Note: any student who does not complete their evaluations on time will receive a grade of 0 on Phase II.
