Announcements

- Exercise 2
  - Due Tuesday, February 28th by 10:00pm
  - ~50% have submitted
  - Submit well before the deadline to take advantage of premarker!

Announcements

- Assignment 2 was posted last week
- To fully understand the assignment, you need to read both the handout and the starter code.
- Reading the starter code is an excellent way to learn about program design.
- See Marking section about constants and keep that in mind when writing your code

Announcements

- Test 1 marked
  - Average: ~65%
- I'll post sample solutions soon
- If you are concerned about how you did on the test or about how you are doing in the course, please consider coming to see me.
