CSC108H/A08H Intro Lab Tracing Table

Write the values of the variables listed below after each line has executed:

```
pic = media.create_picture(100, 100)
x = random.randint(0, 99)
```

> x:

```
y = random.randint(0, 99)
```

> y:

```
pix = media.get_pixel(pic, x, y)
red = media.get_red(pix)
```

> red:

```
green = media.get_green(pix)
```

> green:

```
blue = media.get_blue(pix)
```

> blue:

```
new_color = media.orange
media.add_rect_filled(pic, x, y, 10, 10, new_color)
media.show(pic)
red = media.get_red(pix)
```

> red:

```
green = media.get_green(pix)
```

> green:

```
blue = media.get_blue(pix)
```

> blue:
